Payments

We usually require £350 deposit. Full payment is due no later than 14 days before the wedding. Payments can be made by transfer to our bank account (details in the agreement), or cash. Additional products can be purchased after the wedding by contacting us or in on-line shop. Above prices include VAT, however they do not include travel costs for locations beyond 50 miles distance from Glasgow or postage cost of sending our products to you. Some additional options below:

- £190 second photographer covering 4 hour packages (subject to availability)
- £250 second photographer covering 8 hour packages (subject to availability)
- £100 each extra hour of coverage (1 or 2 photographers, 50 digital photos more on USB)

After Wedding

We will have your private, password protected gallery of images ready for you to view on our website within 3 weeks. Choose your favourite images from the gallery for printing or inclusion in the album or box. All the photographs will be carefully digitally retouched. We aim to complete all packages within 3 months of your online selection.

Album Design

The Storybook Albums consist of approximately 70 images. We ask you to choose 70 images from the online gallery, and we complete the series sometimes adding few more to bring cohesion to the storybook. We will send you our proposal of the album layout by e-mail. Once you are happy with the album proof we will send it to print. If you went with Classic Album you will decide on your cover and choose your 60 pictures.

Additional Products

We are happy to provide you and your guests with additional books, prints or other products after the wedding regardless of original package. This may be done via our online shop, or contacting us directly. We accept bank transfer, cash or PayPal for payments.
